

COMPANY PROFILE

ETHIOPIAN GREEN COFFEE EXPORTER

Origin-focused sourcing. Careful quality. Dependable export.

Established 18 July 2022 | Head Office: Sarbet, Addis Ababa, Ethiopia

ZAMZAM HAMEYN COFFEE

Rooted in Ethiopia. Built for global buyers.

Zamzam Hameyn Coffee connects distinctive Ethiopian coffee origins with international roasters, importers and distributors.

Who We Are

Zamzam Hameyn Coffee is an Ethiopian coffee export business established in 2022 and headquartered in Sarbet, Addis Ababa. We source high-quality Ethiopian green coffee with a primary focus on Guji, while also working across Yirgacheffe, Sidama, Jimma, Limu, Harrar and Agaro.

Our approach is simple: preserve the identity of each origin, maintain careful quality oversight, and deliver dependable commercial service from sourcing through export coordination. We serve international buyers seeking coffees with clear origin character and a reliable Ethiopian supply partner.

How We Work

Origin first

Sourcing organized around recognized Ethiopian producing areas.

Quality focused

Cupping and lot evaluation support buyer-ready selection.

Export minded

Commercial coordination designed for international delivery.

Relationship driven

Long-term partnerships with buyers and coffee communities.

Distinct origins. Distinct cup identities.

Ethiopia offers remarkable diversity in altitude, climate, variety and processing tradition. We source with the goal of protecting each origin's character.

GUJI | Oromia

Primary sourcing focus. Known for expressive floral, fruit and sweet profiles, with strong potential for distinctive specialty lots.

YIRGACHEFFE | Southern Ethiopia

Renowned for elegant floral and citrus characteristics, often with clean and tea-like cup expression.

SIDAMA | Sidama

Known for balanced, fruit-forward coffees with sweetness, complexity and versatile profiles.

AGARO | Oromia

A respected western Ethiopian coffee area offering distinctive highland coffees and diverse cup characteristics.

Additional Sourcing

Jimma

Limu

Harrar

Our sourcing portfolio can be matched to buyer requirements, seasonality and available lots. Processing style and final specifications are confirmed lot by lot.

From coffee cherry to export-ready green coffee.

Our role is to coordinate origin sourcing, processing oversight, quality evaluation and export preparation with consistency and traceability in mind.

Sun-drying coffee cherries

Dried coffee nearing the next processing stage

Our Commercial Workflow

Quality is a buyer relationship, not just a final inspection.

Zamzam Haremeyn combines origin knowledge, cupping capability and export coordination to help buyers select coffees that fit their desired profile and commercial needs.
